

KEEPING YOU IN THE LOOP

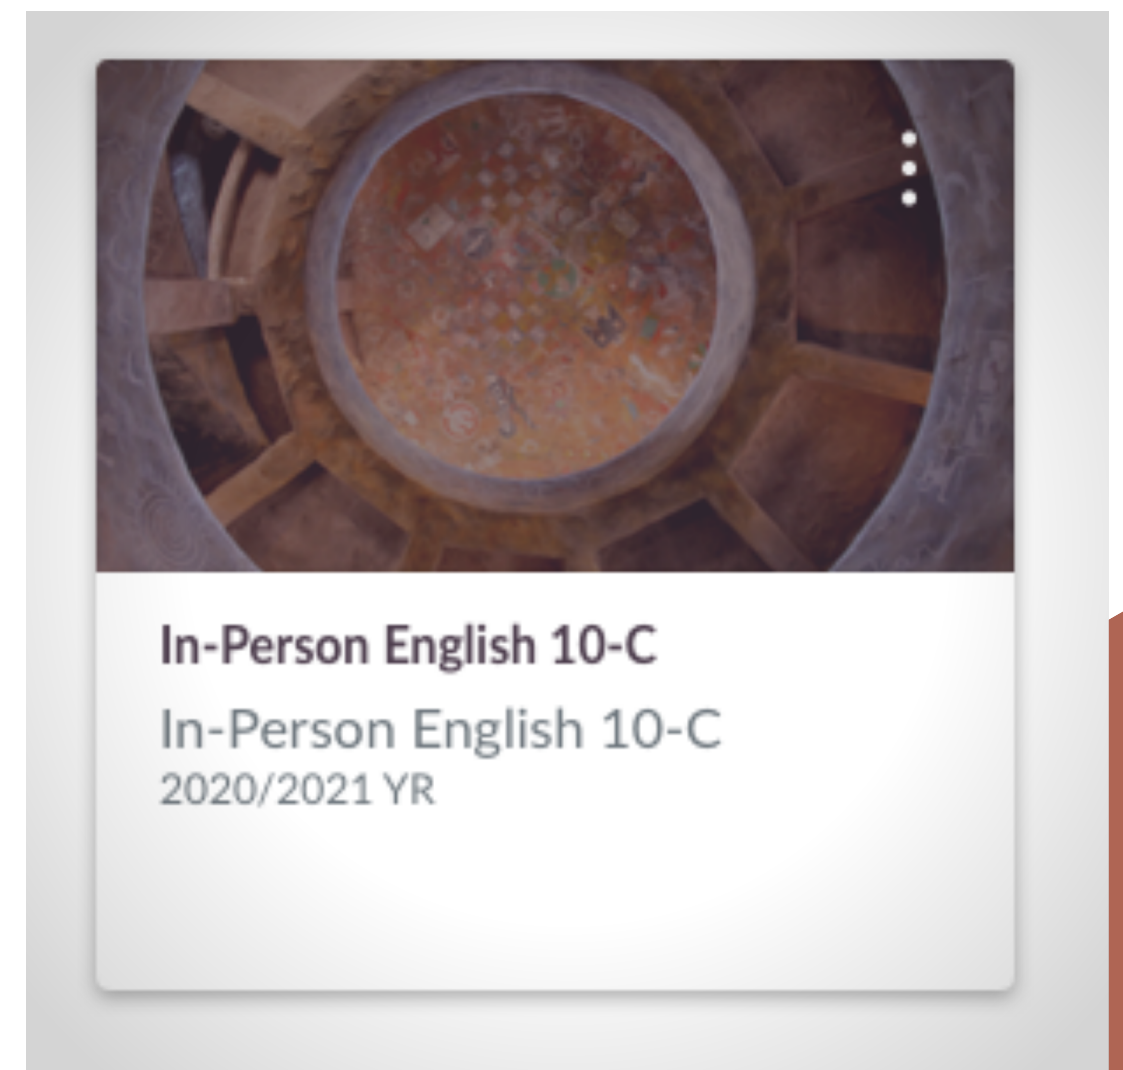

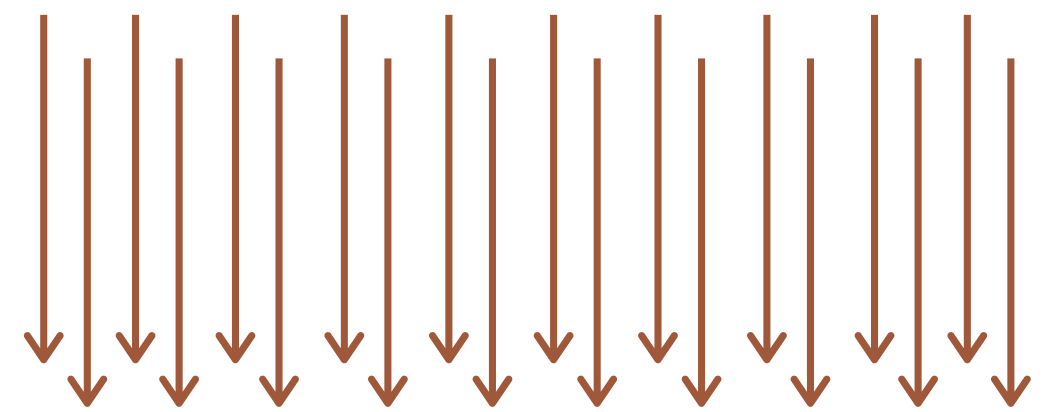

2020-2021 ACADEMIC SCHOOL YEAR

Navigation for: Canvas & Skyward (Canvas is where students can locate weekly modules. Skyward is the portal for grades.)

CANVAS FOR ENGLISH

The thumbnail image for English class on the Canvas course dashboard should look like the tile image below. If you select that image, it will direct you to the homepage for the course.

If you select 'Modules,' it will direct you to the overarching list of weekly modules for English. In each module, there will be a Weekly Overview of the daily agendas. For most accurate daily agendas, reference the Daily Agendas PPT. If there is a Canvas submission space for an assignment, it will show up in the 'To Do List' for students. Once an assignment is locked (past due), students cannot submit via Canvas anymore.

On the homepage for the course, students can select banners to direct them to important links. On the English 10 Canvas page, there are banners for my teacher website, for the Daily Agendas PPT, and to the module for the relevant weekly module.
